Richmond, VA 23229

To Whom It May Concern:

I recently hired the Carpentry and Painting Experts to do interior and exterior painting as well as some carpentry work. The estimate for the work was thorough and fairly priced. The Carpentry and Painting Experts were very accommodating when scheduling the work and readily agreed to replace additional rotten wood and do additional painting I need to have done. The painters and carpenters were hardworking and completed the job in a careful and diligent manner. I was pleased with the end result and would definitely hire them again.
