To whom it may concern,

The Carpentry and Painting Experts, LLC were hired to paint the exterior trim of our home in Wyndham this spring. We were extremely pleased with their work. All of their workers displayed attention to detail and appreciation of the pride that we take in our home and its appearance. The workmen were very neat and George and Alex were always there to make sure the job was done right.

We would definitely hire the Carpentry and Painting Experts, LLC and we recommend them enthusiastically.

Sincerely,

Barbara Fine
